Ann Strings Beads

Ann loves beads. She wants to make a necklace of beads. Ann will put beads on a string to make her necklace. She will use blue and red beads. Blue and red are her favorite colors. When she has finished, she will tie a knot in the string so the beads won't come off. Then Ann will wear her necklace and show her friends. When she puts it on, it will look great!

-

Bird's Nest

A bird built a nest in the loft of a barn. Every day the bird gathered sticks and grass from the ground. Every day the nest got bigger. Sometimes the bird sang a song when he worked. One day the bird did not leave the nest. It sat on the nest for a very long time. The bird warmed two blue eggs. All of a sudden the eggs cracked and two baby robins appeared.
