## Annie's Day at School

When Annie went to school on Friday, she was very sad. She did not like the boy sitting next to her at school, and he always made fun of her. She had bright red hair, and he thought that it was funny looking. When it was the afternoon, though, Annie became happy. She knew it would soon be time to go home. Her family and friends all loved her pretty red hair, and the boy from class would be far away.

## Football Game

On Saturday my family went to a football game. We had a great time. We got up early Saturday morning and packed a picnic lunch. Then we drove to the stadium and parked the car. Next, we set up a table and had lunch. My dad and I threw a football, and my mom and my brother had dessert. After we played football, it was time to walk to the game. It took us a while to find our seats. They were up high. Next, the game started, and we cheered for the Tigers. The team tried very hard, but they did not win. On our way back to the car, my mom bought me a T-shirt. We drove back home and went to bed early because we were so tired from our busy day.
